COVID-19: A Letter from your Chamber

3/19/2020

Dear Chamber Members and Bristol Bay Community Members,

The State of Alaska has confirmed 9 positive cases for COVID-19 in the state. A statewide health mandate that took effect Wednesday evening (3/18/2020) prohibits dine-in service at restaurants, bars and cafes and closes entertainment facilities like theaters and gyms through the end of March. The Centers for Disease Control and Prevention is recommending that all gatherings of more than 50 people be canceled or postponed for the next eight weeks.

We urge our community members to take protective measures against COVID-19 such as washing hands frequently, staying home if you are sick and implementing social distancing measures. This community mitigation effort is considered one of the most effective means of containing COVID-19 transmissions. At this time all confirmed cases of COVID-19 are associated with people who recently traveled outside of the state. We are encouraging everyone that has traveled Outside to self-isolate for the recommended 14 days.

We will make every effort to continue to support our business community during ever evolving situation. Thank you for your patience and support as we navigate this difficult time together. Please call 907.246.2222 if you have any questions, concerns or ideas. We are all in this together!

Future updates will be posted here or follow our [Facebook](#) page.
